Argumentation Self-Assessment

Reflecting on what we did in class today, answer the following questions by drawing a circle around the answer that captures how you feel.

When other students shared their thinking out loud with me today, I understood their explanations.

- Yes most of the time
- Yes some of the time
- No, because I didn't understand what they meant
- No, because I didn't hear what they were saying

Listening to students from other case studies helped me refine my ideas.

- Yes, in many ways
- Yes, in a few ways
- No

Do you think the ideas you shared influenced the thinking of others you worked with in class today?

- Yes, in many ways
- Yes, in a few ways
- No

Did you feel that you and your partners respectfully provided and received critiques about the model ideas you developed today?

- Yes, in many ways
- Yes, in a few ways
- No

I figured out something today that helped us make progress on ideas that I think would apply to explaining changes in traits in any population over time.

- Yes
- No
- Unsure
