

# Stakeholder Impact Chart

Who are the stakeholders that will be affected by these design changes?	In what way(s) will they be affected?	+ or -	Is this effect the intended goal of the action or is it a side effect?	Has the stakeholder placed themselves in this situation voluntarily?	How important to YOU are the interests of this stakeholder? 1=very important 2=somewhat important 3=unimportant	If the effect is negative, do YOU feel it is directly offset by a greater good elsewhere?
